CANNON BEACH CHRISTIAN CONFERENCE CENTER

SPRING 2017

Kitchen & Dining Room Project Begins

Underway!... That was the relieved exclamation from staff and guests at the Conference Center when a permit was *approved* and site work began on the new Kitchen & Dining Complex project in late fall. In the planning for several years, work was finally underway.

Clearing of the site in early November happened quickly and was exciting to watch as the look of the area changed so dramatically. Next came weeks of delivering and compacting hundreds of truckloads of gravel to build a solid base for the building and bring the site up to the required elevation for flood protection.

Through much of December, Geopier Northwest, from Bellevue, Washington in-

stalled nearly 300 geopiers for the foundation support and earthquake liquefaction protection. Our concern, and subsequent prayer, was that unidentified underground obstructions could delay or hinder our ability to proceed with the approved foundation plan. Praise God – not one obstruction was encountered!

The first two or three months of 2017 involve getting final construction plans approved and permitted, coordinating plumbing lines, drains, etc. with the pouring of the Phase One concrete slab and supporting concrete grade beams. Lord willing, framing and electrical work will begin this spring. We look forward to many volunteers joining us from that point on.

Week 10
4 PM Check-In

Dear Friends,

A new year is upon us, and the sense I have of the year ahead for CBCC is one of growth, newness and transition – a sense of anticipation that God is going to do some new and fresh things in our lives and through the ministry of the Cannon Beach Christian Conference Center.

Why do I feel that way?

One reason is that after several years of planning, prayer and preparation, our new Kitchen & Dining Complex project is underway. There is always an excitement and energy that surrounds a major construction project. We see God answer prayer and provide in unusual, unexpected ways. We also get to share life and ministry with many dozens of volunteers. And with a new building we are preparing to take a big step of growth into the future.

A second reason is the growth that has already occurred in our conference and guest retreat attendance the past few years. 2015 and 2016 were the largest registered summer attendance seasons in our history, and the largest number of kids. 2017 advance reservations indicate another outstanding year. Many of these are new guests just discovering the life changing impact of the Conference Center.

Another reason is the addition in the past year of several new staff in some key leadership positions. While we deeply miss those who have left, and celebrate their service and accomplishments, new eyes, new vision and new energy often lead to new opportunities for ministry and improving how we serve our guests.

As we have seen throughout our long history, we *expect* God to do new and fresh things in the lives of our guests in every new year, even as we remain faithful to our original purpose and valued traditions. We're so grateful we serve a LIVING God who "makes all things new."

One of our guest families wrote to us recently, "Your ministry blesses our family and now our children and their families and has been a key time to bring bonding with new family members, a time for honesty in communication and our one chance to have everyone gathered in one place that's refreshing, relaxing, encouraging and spiritually enriching to all." Their letter perfectly captures both the history and traditions that are so valued by our guests, with the expectation of a new and fresh work of God's Spirit in our lives with each visit to CBCC.

Plan to join us in 2017 and let's celebrate both the great heritage and the fresh, new work of God together.

In His Grace,

Jeff Carlsen
Executive Director

Kitchen & Dining Room Project Begins

continued from page 1 . . .

Revised budget estimates, as building details have been adjusted and finalized, have increased the cost of Phase One construction to about \$2.5 million from \$2.3 million. Phase Two is still estimated at about \$1.1 million.

While construction progress has been slower than hoped, giving for the project has exceeded expectations for this point in time. Even though no direct appeal was made, year end giving for the project hit \$100,000. Thank God for His provision and the extreme generosity of His people! Fund raising for Phase Two may well be able to begin by mid-2017 – well ahead of expectations. What an encouragement!

Thanks for your prayers and support as we move ahead. Be sure and check out our webcam for live updates. If you have questions or would like to discuss a special gift for the project, contact Jeff Carlsen, Director (jeffcarlsen@cbcc.net) or Carl Sandeen, Development Officer (carlsandeen@cbcc.net) or call 503-436-1501.

STAFF HIGHLIGHT...

Chuck Robbins

When Chuck Robbins started working as a conference assistant for CBCC in August of 1991, he probably never imagined he would still be serving here twenty five years later! Like many young men, Chuck had bounced from job to job trying to find where he fit best. At CBCC, Chuck found a “home.” After a few years he was hired into the maintenance department by maintenance manager Sam Ortwig. At the time, Chuck’s maintenance experience was limited but Sam recognized his potential and his heart to serve. During his time in maintenance,

Chuck has been in, under, and on top of every building on our grounds! His joyful spirit and sense of humor are his trademarks. Whether Chuck is fixing a leaky faucet or helping in the dish room, he does everything with the joy of the Lord. Congratulations to Chuck Robbins – 25 years of faithful service!

Israel 2018 THE HOLY LAND

There is nothing like going to Israel, the land where God revealed Himself in time and space. The early church father, Jerome, once described Israel as “The Fifth Gospel,” and once you’ve been there, you’ll know why. You will never read the Bible the same again.

Cannon Beach Conference Center will again host a Bible Study Tour of Israel March 5-17, 2018. Dr. Ron Allen, Senior Professor of Bible Exposition at Dallas Theological Seminary will be our teacher. Thanks to a breadth of experience in archaeology, travel, biblical studies, and cultural understanding, Dr. Allen brings the Bible to life with passion and experience – causing you to understand the foreign lands and people that played center stage in the stories of the Gospel.

Veteran Tour Host Jeff Carlsen, Executive Director and Patrick Bergman, Program Manager of CBCC will join Dr. Allen to help make this tour exciting.

Maranatha Tours, our travel partner, will once again make travel arrangements, supply information and take registrations. Please contact Maranatha Tours via phone, **602-788-8864** or email at jennifer@maranathatours.com to reserve your spot.

ECOLA CREEK LODGE

Legacy Giving

Legacy gifts have long been an important part of keeping the ministry of Cannon Beach Christian Conference Center healthy. Legacy giving is the long term desire of a family, a couple, or an individual, often of modest means, to leave a lasting gift. A gift to something that has been of significant importance personally. Many of you have known CBCC as a Christian organization, with a mission and purpose blessed of God, that has positively affected the lives of many for many years.

Legacy giving is simply remembering CBCC in your will or living trust; in pension or retirement plans; or sometimes in more complex charitable life-income plans. Letting us know of your intentions is not necessary, but we do have a small group of folks, The CBCC Legacy Society, that enjoy simple and thoughtful recognition at various times of the year. To become a Legacy Society member contact Carl Sandeen on your next visit to Cannon Beach, or email carlsandeen@cbcc.net, or call Carl at 503.436.1501 or cell 503.440.3960.

In the past couple of years, as you have watched encouraging fund-raising efforts for the Kitchen & Dining Complex go forward, several bequests and estate

gifts have helped us meet financial goals and helped us be in a position financially to begin construction. It has long been that way as when we occupied, debt free, the Ecola Dorm building, the Recreation Center, Pacific View Lodge and building projects going back to the beginnings in 1945. As we've grown and been used of God over our seventy-three year history, it has been the vision and generosity of a large number of folks that has helped the Cannon Beach Christian Conference Center ministry thrive.

Week 10

The tenth week of summer family conferences is a pivotal transition time for our summer conference season.

Each summer we hire nearly 90 staff that helps with the amazing ministry and busy schedule of conferences. We also have many of them that need to leave before our summer conference season has concluded to attend their next school year. This can leave us short staffed for the remaining few weeks of summer.

Therefore, to help accommodate this transition time, and to allow another option for conference lengths and cost options for our guests, we will start our tenth week (August 20-26) of summer family conferences, *one day later*, on Sunday August 20th. In so doing, we find that this will enable us to facilitate the weekly room change-over efficiently with fewer staff.

We appreciate our guests and the summer staff who serve them. We look forward to this minor adjustment benefiting all of us as we end the summer well.

Please contact the Front Desk at 503-436-1501 with any questions.

4 PM Conference Check-In

Each year CBCC works to improve various aspects of the overall guest experience. One of these improvements has been reconfiguring room layouts by adding new beds to accommodate increased attendance and growing families. Due to increased registrations and these improved room designs our housekeeping department keeps very busy and can run "up against the clock" with cleaning rooms to meet our 3 pm check-in deadline. So to allow sufficient time to clean and prepare rooms for our guests, we have moved our check-in time to **4 pm for all conferences**. This extra hour will help make sure our facility is ready on time, every time.

Starting with our first spring conference of 2017, room check-in will **start at 4 pm** (instead of 3 pm).
